## CRAPS

The most exciting game at any casino!

Gist of the game " Don't Roll a 7" except on the "Come Out Roll"

The first roll is called the Come Out Roll, on this first roll 7 & 11 wins 2,3. & 12 loses. The Come Out Roll is to establish "The POINT" which puts the Button On placed on the 4,5,6,,8,9,10. This becomes your PassLine Bet. Odds can be placed behind the Passline or Come Bets and pay better odds. Come Bet You are establishing your own POINT offering odds payouts.

Once button is ON all Bets are in increments of \$5 except the 6 & 8 which are \$6 increments. Field (2,3,4, 9,10,11,12) Any Craps & HORN Bets Play great odds but are only one time bets All bets stay until a 7 is rolled.

Keep in mind the 7 is the easiest number to roll Next easiest numbers are the 6 & 8 these numbers Pays \$7 on a \$6 bet

Next the numbers 5 & 9 Pays \$7 on a \$5 bet

The more difficult numbers to roll

4 & 10 pays \$10 on a \$5

Hardways are good bets with great odds

4,6,8,10 (must be in pairs to win)

Any 7, (C)(E) CRAPS, Eleven Don't Come, Don't Pass. not suggested bets.

Come Bet. You are establishing your own POINT offering odds payouts.

7 everyone loses, except the Come Out where the 7 or 11 wins

Sound Complicated? CRAPS is not Complicated let our dealers teach you

How to Win

This game has the best odds against the Casino

## Roulette

Straight up luck, like playing Lottery numbers

Roulette is a game of picking numbers, colors, blocks, etc

One the top casino table games, where Players bet on where the ball will land.

A pure game of chance, Roulette has every number from 1 to 36 on the wheel, 0 and 00, When playing live casino roulette, chips are placed on,

Whole numbers pays 36-1, Half lines pays 18-1, Corners pay 9-1

Plus box bets like color, even/odd, blocks, lines etc pays accordingly.

Time to place bets on your luck numbers

## Three Card Poker

Three card poker lets you play against the dealer, you'll place an ante bet and be dealt three cards. After getting a chance to look at your hand, it's then up to you to decide whether you're going to play or fold, folding forfeits the ante bet or you can match it with a play bet for a chance at the odds.

The hand rankings in 3-card are similar to Texas Hold'em poker but is still a simpler poker variant.

Dealers can't play if they don't have a Queen-high or better. When this happens, the play bet will be a push (tie) and your ante bet will pay

## Blackjack or 21

Basically drawing cards to not exceed 21 and to be less than the Dealer.

Everyone is dealt two cards and then gets the choice to either stand or hit.

Ways to increase odds to win more.

Double Down is to double your stake and give you just ONE more card before getting closer to 21 then the dealer. Pays double!

Split Pairs, giving you two hands to play!

## Let It Ride!

Let it Ride Poker the player puts three bets out on the table The player then receives three cards from the dealer, face down. The player may examine their cards. The player may choose to Let It Ride, or take back one of their bets. After making this decision the dealer reveals the first community card. The player again has the option of taking back a bet, or leaving all remaining bets on the table. Finally, the last community card is revealed. At this point the player wins each bet on the table if they have made a pair of tens or better. If the player has a lower hand, all bets lose.
